

# Under the Spreading Antlers

Indiana **Elks** State Newsletter

## From the State President April 2006

The Lodge year has ended for some and just beginning for others. Each group is to be congratulated. The first group for their great service to their communities and the other for their future service to their community.

The month of March saw all Districts hold their District conventions. Several State Officers and Committee Chairmen along with their spouses traveled each weekend to enjoy the friendship of fellow Elks and to continue the work of Elkdom.

Plans for the State Convention at Clarksville are almost complete. State Committeemen should be preparing their reports. Your reservations should be in soon.

During March the Elks received some well-deserved good publicity with the article in the USA Today and the program on the Today Show on the young people joining the Elks.

Harry Smith – State President

---

### NEWS FROM THE SOUTHWEST

Southwest District Bicknell - We have had a winner in the Lucky Bucks calendar draw already, congratulations.

The Lodge has been busy with lots of parties and get together. In Feb we had a Super Bowl party and the turnout in people and food was great. We nominated officers for the next Lodge year, and started filling our committee chairs.

The SW District Traveling Bowling League went to Hobart, IN for the State bowling tournament. Several people got some money back from it so we have some good bowlers around here. March got off to a good start with the NCAA tournament action and auction. On April 8 Bicknell Lodge installed Sara Kixmiller as the first Lady ER for Bicknell. Good Luck to her. Our Lodge has already had one fund raising event for the HS Band and we'll host another for the football team on the 22nd. Thanks to all the people who help with these events.

Congratulations to Vincennes lodge for having a state winner in the Hoop Shoot. Megan Eck was the winner of the girls 12-13 year olds.

Princeton reported their "Trash or Treasure" Bingo was a great success. Especially the dirty bingo part, as one particular gift went around the room several times.

Boonville Lodge held their reverse drawing on Mar 18th and it was a great success. Bicknell's Ed Hagemeyer's ticket was among the last 10 tickets in the drawing. He was hoping to be in the last five, but like the rest of us, he didn't make it.

Mt Vernon's DD Lorrie Strait is planning her last DD Clinic to be held at Bicknell on Apr 22 at 10:00 am. Bicknell will serve breakfast at 9:00 am, so you all come have breakfast with us.

From Sara Kixmiller

---

## **APRIL IS ALCOHOL AWARENESS MONTH**

### **KEY FACTS:**

- Approximately 10.8 million persons ages 12 to 20 (28.7 percent) report drinking alcohol during the month prior to the survey interview in 2004. Among children aged 12 to 17, an estimated 17.6 percent were current drinkers.
- Among youths aged 12 to 17, an estimated 17.6 percent used alcohol in the month prior to the survey interview in 2004.
- Alcohol use among children and adolescents starts early and increases rapidly with age. Alcohol use by the end of the sixth grade is reported by 20.9 percent of eighth graders in 2004. More than three out of every four students (77 percent) have consumed alcohol (more than a few sips) by the end of high school; and nearly half (44 percent) have done so by the eighth grade. In fact, 60 percent of 12<sup>th</sup> graders and one-fifth (20 percent) of eighth graders reported in 2004 having been drunk at least once in their life.

- Adults who had first used alcohol before age 15 are five times as likely to be dependent on alcohol as adults who first used at age 21 or older. In fact, more than one-quarter (2.0 million) of alcohol-dependent adults, age 21 or older, first used alcohol before age 14. About eight percent, 5.5 million, first used before they were age 18. Ninety-five percent, 6.6 million, first used before age 21.
- Underage alcohol use is more likely to kill young people than all illegal drugs combined.
- Ten percent of 9- to 10-year-olds say that they already have started drinking alcohol.
- Perceived parental disapproval is the strongest influence on youthful alcohol use. Children who believe their parents always or sometimes engaged in monitoring behaviors (helping children with homework, limiting television and time out with friends on school nights, requiring them to do chores, etc.) than among youths whose parents seldom or never involved. **(Above data taken from Substance Abuse and Mental Health Services Administration 2004 Survey on Drug Use and Health National Findings.)**

Thus, you should start talking to your kids before They Start Drinking. Some talking points are:

- Describe some of the effects of alcohol on the brain and body.
- Identify effective alternatives to using alcohol.
- Work in groups to develop an effective alcohol prevention message.
- Discuss what to say or do if someone presses you to take a drink.
- Ask why they believe young people drink.
- Use some of the above data points to communicate to your child the ill effects of alcohol to the body, reproductive system, brain and social problems it can cause. Alcohol is the number 1 killer of youth up to age 24.

Talk to them about Alcohol and their Brain and how the Central nervous System (Brain and Spinal Cord) can be affected – depressing effect, act silly and stupid, or lose judgment, slow down your reactions, your vision may get blurry; you may slur your words; and, you could have decreased hearing and trouble smelling and tasting. You may find it hard to control urges; you may become violent or act without thinking. You may have trouble remembering or experience a blackout. You may lose your balance and fall. You may not know where you are. Breathing and heart rate slows. Drinking a lot of alcohol in a short time could shut down your whole system and you go into a coma or die.

## **From the Webmaster**

I am very pleased to report that the long overdue project to completely upgrade the Indiana Elks web pages has finally been completed and is now online.

Everything is brand new, including the format. A part of the upgrade includes an archive of all of the past “Under The Spreading Antlers” newsletters dating back to July 2005, which are available for reading and/or downloading.

Please check it out at: [www.indianaelks.org](http://www.indianaelks.org)

I'm very proud of it and I think you will be too!

Larry Shaver – PSP  
Indiana Elks Webmaster

---

## **Accident Prevention Information**

### ***Important Notice***

As previously announced, AON Risk Services will assume service responsibilities and future renewals for all Elks programs starting April 1, 2006.

The phone number used for many years has been transferred to AON Risk Services. If there is any service you may need (certificates of insurance or billing matters related to Property Plus or D&O) you may call AON Risk Services at **1-800-421-3557**. (Do not call the Elks Insurance Department).

It should be noted that all items billed by Marsh, Inc. prior to April 1, 2006 (including Property Plus, D&O or other miscellaneous items) must be paid to Marsh, Inc. as originally received. If there are questions regarding Marsh, Inc.'s billing, please contact Marsh, Inc. by mail or call Susan Goggin at 1-415-743-7505.

## Spring Cleaning and Fix-Up

For those Lodges that have had a winter with ice and snow, spring has returned! The parking lots and open-air areas may have damage or a need for maintenance. Plans should be made now to make the appropriate repairs and remove any hazards that might cause claims by users during the spring and summer months. Particular attention should be given to entrances and stairs.

Larry Shaver – PSP  
State Insurance Chairman
